OneZone Chamber Announces FORUM Credit Union as the first Chairman’s Circle Investor

OneZone Chamber announces FORUM Credit Union as its first Chairman’s Circle Investor. The Chairman’s Circle is a new investment level with OneZone Chamber. It comes alongside a new brand and programming recently announced by OneZone Chamber.

Businesses investing at the Chairman’s Circle level play a critical role in driving impactful change across the region, county and communities. It allows OneZone Chamber to support key advocacy efforts, foster economic growth and support their mission of helping businesses and communities thrive. FORUM Credit Union demonstrates a commitment to the future of Hamilton County. FORUM continually engages in crucial initiatives like talent attraction, childcare solutions and expanding disability employment.

“As a local member-owned financial institution, FORUM Credit Union is proud to support local businesses and our community via membership with OneZone Chamber,” FORUM Credit Union CEO Doug True said. “Our participation as the first Chairman’s Circle investor continues a tradition dating back to 1975 when our headquarters moved to Fishers. We have always been supporters of our local Chamber and our membership with OneZone Chamber matches our mutual desire to see our local businesses and communities thrive.”

“We are excited to welcome FORUM Credit Union as the first Chairman’s Circle Investor. FORUM Credit Union is a strong community partner who believes in our mission of helping businesses and communities thrive.” Noted Jack Russell, President and CEO of OneZone Chamber of Commerce.
